A kit ...

Frankly, I see more people technically adept, posting to the rec.radio.amateur
heirarchy than what the statistics would predict! Many individuals that post,
are professionals, system administrators and people enthralled with the
capabilities of computer technology. Should move the average up ...

|Now there is a real leap in logic. How does repeatedly opening and closing a
|single-pole single-throw switch teach you anything whatsoever about how radio
|really works?? And people wonder why the "CW Forever" crowd is seen more and
|more as a bunch of crackpots.
|
|bill KB3YV

As a homebrew project, a CW transmitter is perhaps easier to build, and it is easier to understand the workings etc. Perhaps it makes a nice first project?

I can't stand either. Gimme classic rock...and, of course, the words to ZZ Top's "La Grange".
